React Animation Libraries

BACKEND AND CMS
Mongo Db • Firebase • Netlify
Vercel • Hostinger • Strapi
WordPress API

SOFTSKILLS

Remote Pair Programming
Communication, Collaboration
Friendly, Time Managements
Leadership, Creative Skills

CERTIFICATES

1 Machine Learning • **Coursera**
2 Cloud App Developer • **IBM Skill
Academy**
3 Project Management • **LinkedIn
Learning**

EXPERIENCE

HUMBEE STUDIO | Web Developer
May 2023 – July 2024 | Ahmedabad, INDIA
- I have worked on diverse projects for various clients, including real estate and designers, business, using React and Next.js.
- Mentored junior web developers through code reviews, and tech support improving code quality and overall performance by 40%.
- Collaborated closely with clients to understand their needs, delivering feature-rich interactive websites that exceeded expectations, achieving a 95% client satisfaction rate.

I2E CONSULTING | UI Developer Trainee
Sept 2022 – March 2023 | Mumbai, INDIA
- I worked with senior developers and designers to help them in transformative activities by interpreting design models into receptive and interactive layouts that had a harmonized performance either in any browser or any device .
- Actively participated in training sessions and workshops to stay updated on Front-End Coding trends.

ELPIXALA | Web Developer Intern
June 2022 – Aug 2022 | Delhi, INDIA
- Created prototypes with new stacks, adding 10+ new features.
- Composed custom HTML, CSS, and JavaScript for existing sites and applications, adjusting and revising 20+ contents, posts, and pages.

PROJECTS

ROYALE TOUCHE | Link
- The Royale Touche, a plywood manufacturer in Ahmedabad, launched a front-end-focused website showcasing the plywood-making process with immersive 3D visualization.
- To develop this outstanding website, I utilized diverse technologies including Next.js, GSAP, Nodemailer.

INTERIORMAATA | Link
- InteriorMaata, a renowned interior designer, presents her work through a sleek, modern website that features 3D elements, captivating animations, and smooth interactions. Built using Next.js, GSAP, the site offers a visually immersive and highly engaging user experience.

RAAJ SOLAR | Link
- Developed an innovative, responsive website for Raaj Solar, a top solar panel manufacturer in India; utilized React to enhance user engagement across all devices.

SIDDHGURU | Link
- Siddhguru built with React, SCSS, and GSAP, offering smooth animations and interactions. It serves thousands of users daily with a user-friendly, visually appealing experience.
